

2021 PRESIDENT'S ACTIVITY REPORT

INTRODUCTION

The year 2021/2022 has seen the continuation of The General Secretariat and changes in the Technical Department with the resignation of Saloman Dormeus and the hiring of Damekio Been as Equipment Manager and Peterson Evariste as our First Strength and Conditioning Coach. Additionally, we had the resignation of Victor Lowe as President of the Men's Football League and he was replaced by Ira Baptiste. Despite these changes, a streamlined and uniformed strategy continued in the approach to promote and develop our National Teams and Youth Programs progressing through 2022.

Following TCI Government approval, the TCIFA reopened its Grassroots Programs in May 2021. Unfortunately, shortly thereafter, the TCIG Ministry of Sports implemented regulations stipulating the weekly testing of all players. As this placed a heavy financial burden on both the TCIFA and Parents, the TCIFA once again postponed its return to play. Despite this setback, the TCIFA's National Teams sustained their training regime and were provided with multiple opportunities for competition locally, regionally, and internationally.

Despite the ongoing global pandemic, the TCIFA saw much success with our Men's National Team traveling to the Dominican Republic to compete in the FIFA World Cup Qualifiers; our Men's National Beach Soccer Team traveling to Costa Rica to compete in the Concacaf Beach Soccer Championship; and our Women's Under 17 National Team traveling to Bradenton, FL to compete in the Concacaf Women's Under 17 Qualifiers. Along with these International Competitions, the TCIFA hosted a successful Boys and Girls International Friendly against USVI in July and a well-received Women's International Friendly in August 2021 against USVI, Bahamas, and the Cayman Islands.

The 2021 year closed in anticipation of the coming year and the potential to build upon the skills, experiences, and wisdom learned as the TCIFA navigated the uncertain waters COVID 19 presented.

NATIONAL ACADEMY

The TCIFA is continuing in its quest to improve and upgrade our facilities to a state whereby we will have a complete all-purpose football facility. Currently and as part of the FIFA Forward Project and other initiatives, the following work is ongoing or coming on stream:

- National Team Long-Term Accommodations:
 - Due to lack of repairs and service of the Long-Term Accommodation acquired by the TCIFA in 2020, the TCIFA decided not to renew our Lease and instead sought new accommodations in November 2020. As a result of this search, the TCIFA secured a 3-bedroom guest house located on South Dock Road for a period of 12 months (1-year).
 - The TCIFA has therefore been able to continue the provision of adequate accommodation in Providenciales, for our National Players, Coaches, and Ancillary Staff, who reside on the various unconnected islands (Outer Islands) – Grand Turk, South Caicos, and North/Middle Caicos.
 - Thus, ensuring that these Outer Island Players receive the full benefits of training, competition experience, and use of the FIFA standard facilities, it requires the transportation of these players from their home island to Providenciales and subsequently housing them while they reside in Providenciales. The overall objective of which is to support all TCIFA National Teams by facilitating participation in regional and international competitions.
 - This long-term National Team accommodation came equipped with 1 king bed in the Master Bedroom and 2 queen beds in the 2 additional bedrooms. TO better utilize the space, the TCIFA removed the 2 queen beds and replaced them with 6 twin bunkbeds (12 Beds in total). Additionally, the long-term National Team accommodation was equipped with necessary items such as: Bedding (Sheets, blankets, pillows, etc.) Dishware, Utensils, Drinkware, Cleaning Supplies, Cookware, etc.
 - Despite being restricted by Covid, the TCIFA was able to utilize these facilities throughout the year:
 - To house, 2 chaperones as well as 7 U15 Girls and 3 U15 Boys from Grand Turk, South Caicos, and North/Middle Caicos prior to their departure to Port St. Lucie, FL for the Port St. Lucie Boys and Girls U15 International Friendlies. – *March 26 – April 1, 2021*

 - To house 3 Men's National Beach Soccer Team players that traveled to Provo to attend the Beach Soccer Training Camp held prior to the National Beach Soccer Team's departure to Costa Rica or the 2021 Concacaf Beach Soccer Championship. – *May 14- 16, 2021*
 - To house 3 staff from the outer islands that participated in the Concacaf C License Course – *October 18-12, 2021*
- The leasing of this facility was a major success as it allowed our players, coaches, and other ancillary staff from the Outer Islands as well as those traveling from other international locations, to partake in the training sessions, events, and activities held in Providenciales. With this success and until such time as our dormitory project as been completed, we have renewed the lease for 2022.

As per his inspection, it was recommended that the TCIFA acquire and install 18 cameras that would encompass the 2 main buildings, both fields, both entrances,

and the storage facility. Dove Security was ultimately contracted and retained to complete the purchase and installation of all security cameras and security software.

Overall and despite the impact of Covid-19, this past year saw the TCIFA remaining active with our teams participating in local and regional competitions. Emphasis was placed on the continued expansion and improvement of our infrastructure whilst simultaneously seeking to grow our technical resources and improve and elevate of officiating staff.

With the aid and support of our Stakeholders and Sponsors we remain optimistic that 2022 will be better than 2021 in terms of our growth and development.

I close by thanking our Sponsors, Stakeholders, Player, Parents and our diligent staff. Without the combined efforts we would not have been able to take make these forward steps. I encourage you all to keep growing with us at the TCIFA.
